

Keeping our campus safe

In order to keep our campus safe for our student and staff community, we request that you follow the guidelines as below:

Face coverings encouraged

You are encouraged to wear a face covering on public transport, WUC minibuses and around the campus in corridors and communal areas. These can be removed in classrooms but still encouraged if the classroom is busy or not well ventilated.

Lateral Flow Test to come on campus

Staff, students and visitors will be expected to use a LFT home at least twice a week;

Follow good hygiene

- Wash your hands frequently for at least 20 seconds.
- Use sanitiser when unable to wash your hands
- Follow the **Catch it - Bin It - Kill it** approach!
- We encourage you to bring a sanitiser with you for your personal use - although we have several hand sanitiser stations around the campus

If you display symptoms of COVID-19 you must take the following steps:

- 1) Immediately self-isolate at home (or in your room in a hall of residence).
- 2) Notify WUC by contacting trackandtrace@writtle.ac.uk
- 3) Arrange to be tested by following these instructions: <https://www.gov.uk/get-coronavirus-test>
- 4) Notify WUC of your test outcome as soon as you have received it by contacting trackandtrace@writtle.ac.uk
- 5) Follow all contact-tracing instructions from the University College and from the NHS.

Be vaccinated...

Minimise your risk of contracting Covid-19 or becoming seriously ill by ensuring you have the Covid-19 vaccination.

If you are double jabbed or aged under 18 you will no longer be required to self-isolate if they are identified as a close contact of a positive Covid-19 case. In this situation, you are encouraged to have a PCR test.
